EXPERIENCE

Web Developer Contract at IDEO

Collaborate with GE Ventures and IDEO to build a clean, intuitive front-end for a database of diversity/inclusion resources.
1 month, 2019 | Cambridge, MA

Designer, Developer at Scout Studio

Designed and developed responsive websites for several projects. Expanded Scout's visual identity with marketing designs, videos, and animations in After Effects and Premiere Pro.
2 years, 2016-2018 | Boston, MA

Graphic Design Intern at Clarks

Designed marketing material for retail, wholesale, and digital channels using InDesign and Photoshop. Multi-tasked different projects within brand and sub-brand guidelines. Collaborated with marketing and design teams in an agile environment.
6 months, 2018 | Waltham, MA

Software Engineer Intern at John Hancock

Created internal facing web apps to increase company productivity. Collaborated with designers to fix bugs, implement feedback, and polish designs across several projects. Learned web frameworks including Angular, React, used in short and long term projects.
6 months, 2017 | Boston, MA

PROJECTS

Unsize Marketing Site

Designed and developed a responsive, multi-page marketing site to promote Unize's service and product using React and Next.
Scout | Fall 2017

Email Signature Generator

Developed an email signature generator in Angular and Express. Met with designers and project manager frequently to ensure a consistent, clean email brand.
John Hancock | Spring 2017
